- Slovenia (Koper station, in preparation)

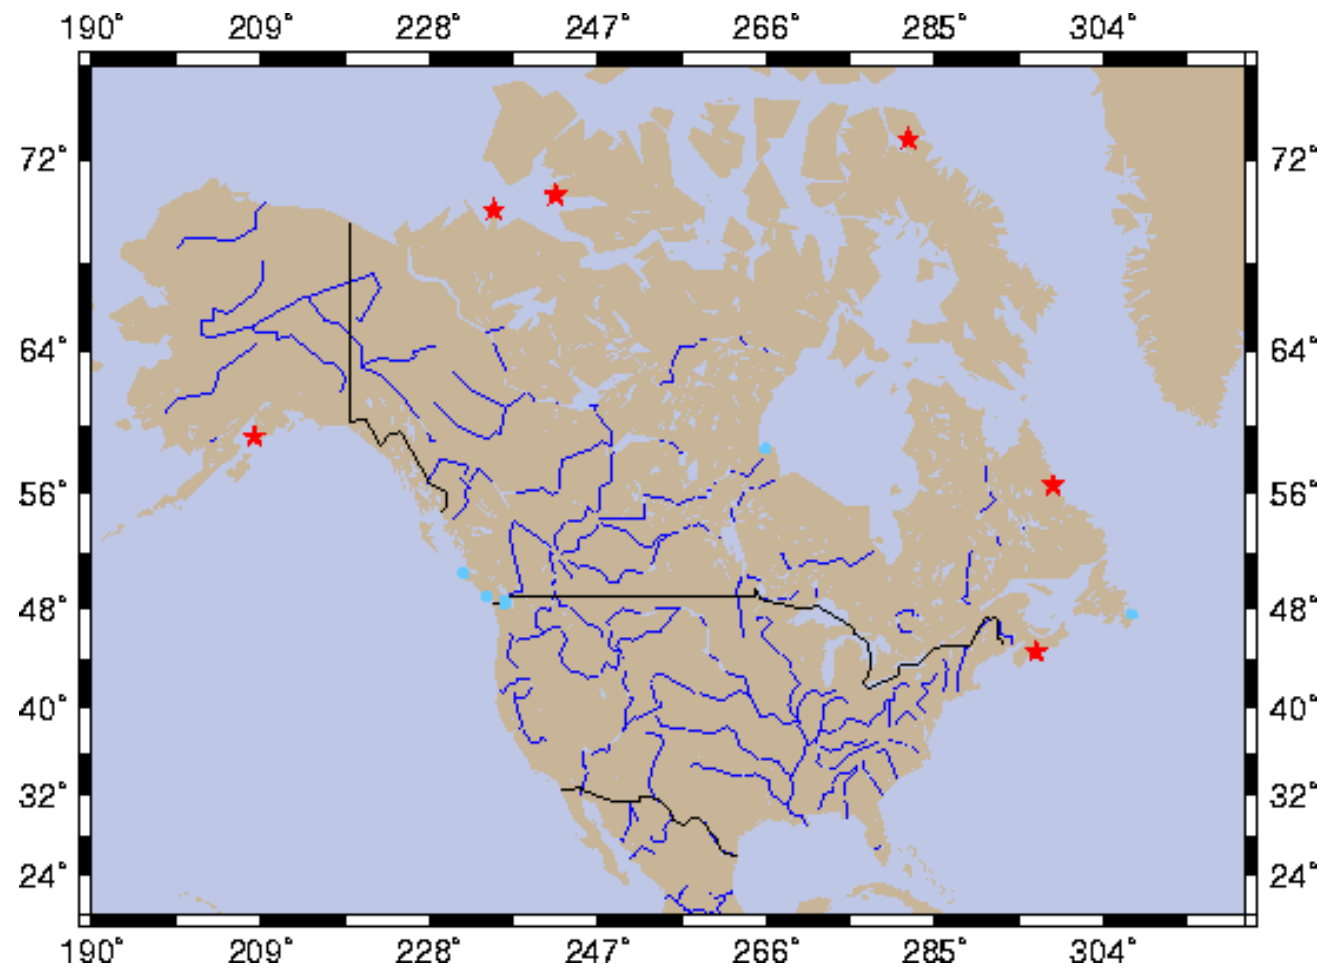

TOS stations (World)

TOS stations (Europe)

TOS stations (North America)

Data Holdings TIGA solutions

CTA	TAC-?	1148 – 1171 (will be continued)
EUREF	TAC-III	1181 ... (1187, continued)
GFZ	TAC-I	1112... (1126, continued)
ULR	TAC-I	1113 ... (1122, continued, but stopped due to a disk crash)
AUSLIG	TAC-I	Upload in preparation

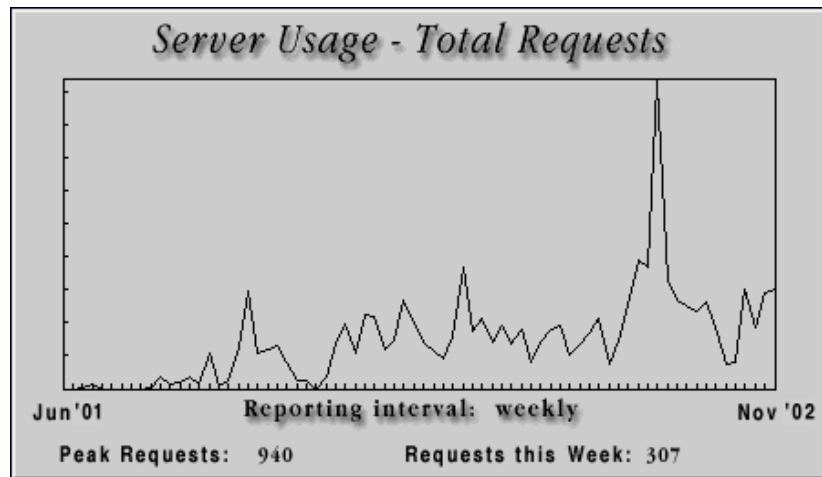

Open questions

- TOS situation in South America remains problematic, in North America a shame
- TOS in Russia, China ?
- No formal statements from CTA as TAC
- Formal statement necessary for TOS?

Next steps

- Starting of TAAC activities
- Preparation for the combination activities
- Improvement of the TOS situation
 - Canadian stations
 - Alaska (SELD)
 - South America (2 Argentine stations, DGFI)
- TIGA dedicated meeting ?

Web Server statistics

- Average: 200 request/week
- Mainly TOS forms requested
- FTP Server: access from TAC's' only
